# Celebrate Life

## The Festive Season

The leaves and ground were beginning to brown  
With many dancing to October's sound  
It was party days, and party nights  
A time to relax and look around

The market of the fest was spread  
Spreading through the spirit of the season  
Through community and town  
Celebrate the calling within each heart

Taking a moment from fighting daily death  
A crowd that surged in the evening square  
Prepared for the festival soon to be in the air  
A toast to me  
A toast to you  
A toast to life renewed

Our souls gathering  
Our bodies here  
The warmth of revelry we share  
Through feasting and fun, let us not forget  
Our creator and provider to whom we swear  
So many become lively as the evening sways  
Where was this spirit when the skies were grey

And as the darkness envelops the hour  
Dance to the tune  
Sing of the song  
Forget your vows, it won't be long

I wonder where goodness lies  
In a world with little reply  
Yet the balance is clear to all  
To see, to feel, to laugh, to love  
Will not be denied from above.

# 81-82 Is A Year To Celebrate Life

"There's a party goin' on right here, a celebration to last throughout the year." The lyrics of this popular song by **Kool and the Gang** can best describe the 1981-82 year at Deer Creek. Each student celebrated life in his or her own way.

School at Deer Creek, throughout the course of the year, brought about many opportunities for celebration. The student body displayed their abilities to work around the daily routines to find time for enjoyment. Pep rallies, plays, and picnics all served as festival occasions. Deer Creek was full of many new faces and personalities this year. From the carnival to the prom, students constantly searched for new means of entertainment by taking whatever came along with a joyous outlook.

The graduating seniors of 1982, who look back on the year, will find that it was full of glorifying moments.

# Mr. And Miss DCHS

This year's Mr. and Miss DCHS are Jay Burress and Deborah Wolfe. Jay is the son of Ike and Peggy Burress and has played on the Varsity basketball team for four years. He was also voted **Friendliest** and **Best Dressed** his senior year.

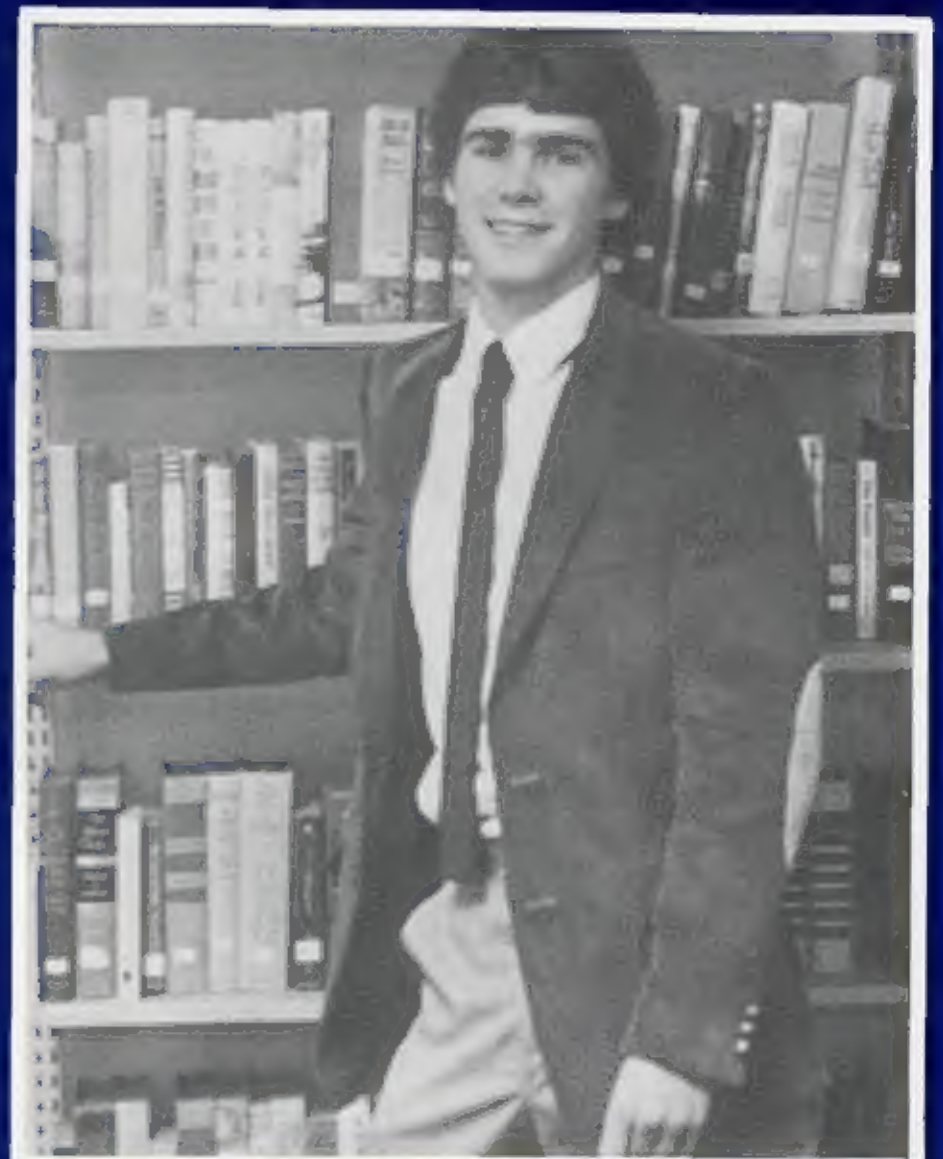

Deborah is the daughter of Charles and Judy Wolfe and has been on the student council for three years. She has also been an active member of Future Homemakers of America and was voted **Most likely to Succeed**.

Hard work and determination have brought this young couple where they are.

Deborah (right) was voted "Most Likely to Succeed" by the Senior class.

A hard worker in basketball, as well as in the classroom, Jay (below) concentrates on his free throws.

# Daily Routine Is A Quiet Celebration

From class to class each day one rarely feels such daily routine can serve as a festive occasion. Yet, as each hour passes by, the little joys are present. For some, just getting through the day is a delightful experience. However, there are those others who enjoy achieving a goal. Making good grades, of course, can be very fulfilling. But most of all, to make an effort and to be a part of a group, can give one a feeling of self-worth.

Steve Heath and Susan Turner (right) spent many hours practicing their part from "A Star Is Born" for the dinner theater.

# Fall Fest Is Enjoyed

This year's carnival was a new experience for all involved. All three schools, elementary, middle, and high school combined their efforts to put on one massive carnival in the high school courtyard. Kids and adults alike enjoyed an evening featuring good food and a televised OU-USC game.

Excited about his new job, John Poarch (right) works on Steve Thompson's leg in the spook house.

# Season Opens With Drama Production

The Speech Department's first production of the year was presented on October 6-8. "Dino" is a dramatic story about how a juvenile delinquent functions in a high school setting. Brad McGraw played Dino, and Karen West starred as Shirley Wallace, a young girl who falls in love with him. The speech students under the direction of Mrs. Jordan gained experience by portraying the other people who interacted in Dino's life.

## Student Workers Gain Experience, Earn Extra Money

Many Deer Creek people are not only students, but manage to hold part time jobs as well. Learning responsibility through school work can be applied on the job. However, keeping up with school work and working in the competitive world is not always a simple task, as a few students have found. Yet, the experience that can be gained, may serve as a helpful influence when it comes to making career choices.

## Dinner Theater Offers Home Style Entertainment

"That's Entertainment" was on the menu at this year's dinner theater put on by the Stage Production class. Dramatic duets, melodramas, and musical numbers were all performed. Those attending enjoyed a full course meal while students gained experience in all phases of the theatre.

# After the Learning Is An Education Too

School life is not limited to campus activities only. The after hours are just as important as the time spent in the classroom.

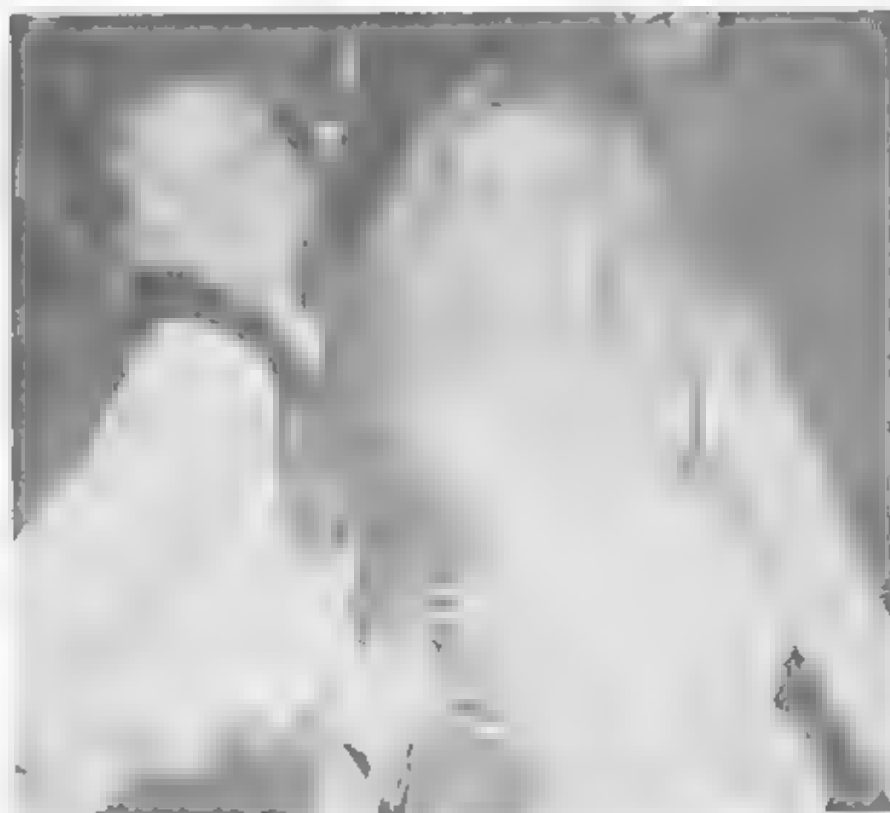

After the game or just whenever the occasion arises, students find ways to get together. At dances, parties, or concerts, being with friends is a celebration in itself.

# Juniors Look Ahead, Prepare For Future

This year's junior class showed finesse and incentive as they prepared for next year's prime.

After adequately providing the senior class with a prom, many juniors prepared for their college futures by taking the needed tests and selecting collegiate prospects.

Three members of the junior class managed to register in the top twenty percent nationwide on the PSAT tests.

# Sophomores Are Active All Year

As the sophomore class advances into experienced high school students, they no longer fear the burdens of being in a new school setting. It is a year to accomplish tasks and to try new ideas.

The tenth graders kept themselves busy earning money for the class fund. They sold funnel cakes at the carnival and provided refreshments at school movies throughout the year.

The class was also given a taste of classic literature by reading **To Kill a Mockingbird** in English class.

# Lady Antlers Have Successful Season

Despite not reaching the goal of making it to the state tournament, the 1981-82 Lady Antlers had a very successful year. Starting the year off with a 6-2 record, the girls came back from Christmas break to begin the long road to playoffs. After the regular season was completed, the DC girls placed first in the district and third in Skyline Conference with a 14-10 record.

During the season the girls made it to the finals of two tournaments, playing Dale in the OBU classic and Kingfisher in the Western Oklahoma Tournament. Although eliminated in regionals, the play of many individuals provided the team with strength and depth. Named to the All Conference team were Suzanne Rapp and Traci Wheeler, and chosen for honorable mention were Dawn Hubkey, Sydney Ringer and Darlene Stutte.

As a result of the impressive season, the Lady Antlers have been invited to play in the Tournament of Champions at Del City next year, and are looking forward to an exciting season.

Skying high over her opposition, Dawn Hubkey gets the tip.

ADMINISTRATION

# School Leaders Work Hard For Deer Creek

At Deer Creek the decision making process of the school system operates directly with the public. This year's administration made many important advances for the school. In January, construction began on the new high school facilities which will be ready for use during the 1982 - 83 term. The school also added new sports programs this year, including the varsity wrestling and 6th grade girls basketball teams. An effort to improve finances resulted in the hiring of Gene Davis, President of Wilshire Bank, as board treasurer. The administration also worked throughout the year with the county commissioner to speed up improvements on the community roads and bridges. The school board seeks to continually offer Deer Creek students the finest in educational opportunities.

# Faculty Teaches On "One To One" Basis

To obtain an effective faculty, a school must be equipped not only with qualified educators, but people who can understand and work with others as well. Deer Creek teachers care enough to establish personal relationships with their students. The small student body at DC allows teachers to communicate on a one to one basis with them and to encourage a type of individuality larger schools do not have.
